

init_comm_pkg

```
graph LR; A[init_comm_pkg] --> B[init_comm_data]
```

A diagram showing a flow from a package to data. On the left, a gray rectangular box contains the text 'init_comm_pkg'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'init_comm_data'. Both boxes have a thin black border.

init_comm_data
